

About Watershed Weekend...

Watershed Weekend is about connecting people to their watersheds through locally led conservation, education and stewardship initiatives of our partnering organizations.

Venues include watershed cleanups, educational programs, fundraising events, native tree and shrub plantings, recreation, and more.

Using this convenient Watershed Weekend Guide we encourage you to find a local venue in your watershed and get involved. Watershed Weekend is fun for the whole family!

Most venues will be held rain or shine. However, in the event that the National Weather Service issues a severe weather warning or watch the day of the venues they may be cancelled, individually and separately.

For more information about Watershed Weekend, visit our web site at www.watershedsyork.org or call 840-7430 or e-mail Yorkccd@yorkccd.org.

Funding of local watershed cleanups provided by PPL Corp.
